Happy Noodle Boy is a comic created by Nny, and read mainly by the "goth", "punk", or any otherwise dark and/or metal themed lifestyle with dark or twisted sense of humor. Every issue has an (at least) single-page insert of the Happy Noodle Boy comic, detailing the often completely nonsensical adventures (mostly senseless babbling, screaming obscenities, and getting shot). Happy Noodle Boy spends much of his time standing on a wooden soapbox in a park, yelling explicit nonsense at hapless pedestrians, often provoking his own death.
